DETAILED ACTION

Claims 1-44 are currently pending in this application. Claims 1-32 and 37-44 are withdrawn from further consideration by the Examiner, 37 C.F.R. § 1.142(b), as being drawn to a non-elected invention. The withdrawn subject matter is patentably distinct from the elected subject matter as it differs in structure and element and would require separate search considerations. In addition, a reference, which anticipates one group, would not render obvious the other.

Information Disclosure Statement

The Information Disclosure Statement filed on 08 June 2004 is in compliance with 37 C.F.R. 1.97, and was considered by the examiner. Please refer to Applicant's copy of the 1449 submitted herewith.

Response to Restriction

Applicants' election, without traverse, of Group III, claims 33-36, drawn to the compounds of Formula 1, 2 and 4 in response filed on 02 November 2006 is acknowledged. Therefore, the restriction requirement is deemed proper and made it Final.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Amendment to the claims
